

SCHOOL OF LAW
Saint Louis University
Silang Building, Bonifacio Road, Baguio City

9 May 2025

Dear Graduate,

Did you know that nine out of the last sixteen presidents of the Philippines were lawyers? That's not just a coincidence. The Philippines' Senate, House of Representatives, and top businesses are driven by the expertise of lawyers. From champions of justice to advocates for peace, lawyers play a crucial role in shaping society.

More than ever, the world needs **catalysts of change**. We need people who are knowledgeable about the law and those who can use this to create the good we are all craving. At **SLU School of Law**, your dream of becoming a lawyer is not just a possibility, it's a high probability. Let us help you turn your aspirations into reality.

In the 2024 Bar Examinations, **SLUSOL** ranked No. 4 among law schools with 51 to 100 candidates, with an impressive 74.60% passing rate overall. But what truly stands out is the 88.37% passing rate for first-time takers—a testament to the quality education and preparation SLU provides.

In addition, SLU School of Law is the

10th among top law schools in the Philippines based on a 10-year pre-pandemic bar average (2010-2019).

8th in the past five years (2018-2023).

3rd among law schools in the pandemic/post-pandemic era (2020-2023).

And here's the clincher: Every single SLU retaker since 2022 has passed the Bar Exams, proving that our commitment to your success does not stop after your first attempt.

Sincerely,

Atty. Yasmine Lee R. Tadeo
